

NEXUS 30 Replacement Parts

You can easily purchase replacement parts for your kit. All of the parts identified by key numbers are usually not available individually, but offered in convenient parts packs. To determine which parts pack you need, find the key number for the part within the manual, then consult the guide below. When referring to the part you need, always use the stock number and the pack number. For instance, if you need a Key $\text{\textcircled{R}}$, ask for stock # KYOE1120, pack # H3012.
