GORHAM MODEL PRODUCTS

TOP OF THE LINE

*Hirobo's AGUSTA 109A with the all-new "DDF" rotorhead
Introducing the ultimate in R/C helicopters!*

Way ahead of its time:

- 60 powered
- Aerobatic - will perform all AMA/FAI maneuvers
- New high tech swashplate and washout controls
- Rear exhaust installation capability
- Metal servo trays
- Superbly detailed fiberglass fuselage
- Mechanics easily removable
- Inverted flight capability
- New "DDF" rotor system with Lead/Lag adjusters included

High-tech and then some:

- Most advanced rotor head available in the world
- Adjustable, independent flapping on each rotor blade
- All ball bearings
- Superb CNC machining
- Damped teetering mode
- Beautiful black anodized and polished aluminum finish

FLY SCALE COMPETITIVELY

COBRA JET RANGER
America's first choice!

Cobra will represent the USA in the 1985 World Championship.

Introducing the first in a series of 1/7 exact scale fiberglass fuselages to convert your contest winning COBRA into a JET RANGER.

Cobra Jet Ranger

THE RESULTS ARE IN

IT'S NOT JUST ONE ISOLATED VICTORY

IN 1984, MORE RC HELICOPTER FLIERS SELECTED GMP CHOPPERS THAN ALL OTHER MAKES PUT TOGETHER. WITH RESULTS LIKE THESE, IT'S EASY TO SEE WHY:

CRICKET

Easily the number one trainer in the US today. More than one-half of all RC fliers learned on CRICKET.

COMPETITOR

The nation's foremost competitive machine. Selected by 60% of RC contest fliers.

COBRA

New, smaller yet highly competitive. Try our new scale fuselage series for unbelievably smooth performance.
