(Plus many more regional and local competitions!)

BEST PARTS SUPPORT... Worried about parts replacement?... GMP holds in-plant, an inventory of over \$1.5 million worth of replacement parts and accessories for all our models, ensuring a plentiful supply. GMP's low-cost parts are distributed throughout GMP's nationwide network of over 1,000 hobby stores for your convenience.

GREAT TECHNICAL HELP... Need help? ... GMP dealers are qualified to answer your questions. GMP supports fliers with nationwide fun-flies and expert technical advice available daily from our plant in California. We also offer an excellent new demonstration video tape which guides the beginner in how to perform your first hover, and shows you the flight capability of all our models.

LOWEST PRICES... We're affordable!... GMP is very innovative in simplifying the design features of all our models, and we streamline our production costs so that we can also offer you the **LOWEST PRICES AVAILABLE** for kits and parts, (while maintaining our high quality standard).

COMPLETE RANGE... GMP offers you the most complete line in the USA for you to choose from. Our helicopter kits start at \$200 and include trainers, competition-class helis and scale kits (both in preassembled versions and kit form), with engine sizes from .28 to .60.

So if you're interested in serious flying, or you just want to fly for fun...
why not buy the best?

RC Helicopter Flying THE VIDEO

Learn to hover and watch the experts fly—all in one great video shot in California featuring the blue Pacific and California beaches.

Sit back, relax and watch this 23 minute cassette tape of GMP's RC helicopters flown by beginners and experts over land and sea. Professionally shot and narrated, it brings to life the flying maneuvers an RC Modeler especially wants to see. It not only introduces you to the amazing aerobatics of GMP's fine line of helicopters, but it also includes a section that guides the novice in performing your first hover. This is valuable information for the beginner who does not have an experienced teacher available. GMP's new video also includes incredible footage of the flying abilities (autorotations, inverted flights, loops and rolls, etc.) of Gorham Model Products top-line professional competition class models and fliers—Don't miss it.

Includes: Cricket, Shuttle, Competitor, Cobra, SST Jet Ranger and King Cobra.

VHS (part #630) \$29.95 Retail
Beta (part #631) \$29.95 Retail
(Also available in PALS format)
